## **Innovest Global Shareholder Update Highlights HIPAA Compliant Call Center**

*High Ratings and Consistent Growth Result in Record Monthly Billings for Call Center Revenue*

**CLEVELAND, OH / ACCESSWIRE / November 17, 2020 / Innovest Global Inc.** (OTC PINK:IVST), a diversified holding company with industrial operations, provides the following shareholder update.

"Innovest continues to respond effectively to changing market conditions, offering exceptional products and services to sectors with strong demand," said Dan Martin, the Company's founder and Chairman of the Board. "Like many businesses, Innovest needed exceptional creativity and execution to navigate the ever-changing business climate of 2020. We are thankful for our amazing people and diversified model which have both contributed to our ability to do so, and we are looking enthusiastically at the opportunities we see before us in 2021."

Contact Source Solutions continues to be a foundational stalwart for the company. It has been profitable and consistently grown since acquisition. Monthly revenues for this segment of the business have increased 150% since it was acquired in 2018. We expect this trend to continue as we consistently gain new clients for these services. The call center features domestic representatives working from home; in a HIPAA and PCI compliant environment, which receives among the highest ratings possible in the industry.

"The consistency of the call center is unique in today's economy, and balances our building solutions and energy businesses, which feature larger and more complex revenue opportunities which can be difficult to forecast," said Martin.

Innovest recently announced a \$54 million revenue letter of intent for its new, modular offering by its Building Solutions team, and continues to advance other business opportunities, acquisitions, and corporate initiatives. Look for much more information to come soon.
